Official Privacy Policy

Complete disclosure of personal data collection, Google Gemini AI processing, and user rights

DOCUMENT ID:	**VERSION & DATE:**	**GOVERNANCE STATUS:**
MS-PRIVACY-2026-V2	v1.2 (Adopted October 2026)	Active / Approved for Grants & Play Store
RESPONSIBLE OFFICER:	**APPLICABLE JURISDICTION:**	**REVIEW CYCLE:**
Head of Trust & Safety (KNEITHEN TECH)	Global / Uganda & International EdTech	Annual (Next: Oct 2027)

SECTION 01

1. Who We Are & Governance Overview

Transparency Commitment: MonetStudy is built on the principle that your study materials belong to you alone. We collect only what is essential to empower your academic learning.

MonetStudy is an AI-native educational platform operated by KNEITHEN TECH, based in Kampala, Uganda (monetstudy.vercel.app).

This Privacy Policy details how we collect, process, store, and protect your personal information across our web platform and Android applications. By accessing MonetStudy, you consent to the data practices described herein.

SECTION 02

2. Data We Collect

We collect the following categories of data strictly to deliver course generation and platform services:

- **Account Data:** Name, email address, and profile avatar (authenticated securely via Google OAuth 2.0).
- **Uploaded Academic Materials:** Text notes, textbook excerpts, and presentation documents submitted by you for course generation.
- **Generated Course Artifacts:** Syllabi, markdown lessons, Mermaid/SVG diagrams, quiz scores, and audio voice narrations created from your study materials.
- **Payment Records:** Transaction IDs, subscription status, and currency records handled via Pesapal. MonetStudy never sees or stores full payment card numbers.
- **Technical Telemetry:** Device identifiers, browser types, and operational error logs necessary for system stability.

SECTION 03

3. Third-Party Service Providers & Cloud Infrastructure

MonetStudy engages trusted enterprise partners to power its infrastructure, each bound by strict data processing agreements:

- **Google Firebase:** Cloud Firestore database, user authentication, and secure document storage (google.com/firebase).
- **Google Gemini AI:** Multimodal AI models (Gemini Flash, Gemini Embeddings, Gemini TTS) used to synthesize notes into lessons, generate visual diagrams, and produce studio voice narration (ai.google.dev).

- **Pesapal:** Regulated African payment gateway for handling one-time subscription transactions (pesapal.com).
- **Vercel:** Edge serverless web hosting and encrypted SSL deployment (vercel.com).

SECTION 04

4. AI Content Processing & Non-Training Pledge

When you submit study documents, their contents are transmitted via secure HTTPS to official Google Gemini API endpoints for academic synthesis and visual diagram generation.

Pledge Against Model Training: Your private study notes, uploaded PDFs, and synthesized course modules are processed solely to fulfill your specific course generation request. We do not use your private academic uploads to train public foundation models, and we never commercialize your educational data.

SECTION 05

5. User Rights & Google Play Account Deletion Procedures

In strict compliance with international data privacy laws (GDPR, Uganda Data Protection and Privacy Act 2019) and Google Play Developer Policies, all users possess full autonomy over their personal information:

- **Immediate Account & Data Deletion:** Users may delete their account and associated data directly within the application, or by submitting an email to monetsbox@gmail.com with the subject line "Account Deletion Request".
- **Complete Data Purge:** Upon account deletion, all profile credentials, uploaded files, and generated course records are permanently and irreversibly purged from our active databases and storage buckets within 30 days.
- **Data Portability & Inspection:** You may request an export of your created study modules, notes, and quiz histories in machine-readable JSON format.

SECTION 06

6. Contact & Data Protection Officer

For all privacy questions, data export inquiries, or regulatory notices, contact our compliance team:
